

TOWNSHIP OF COLTS NECK  
BOARD OF HEALTH  
June 23, 2008 Meeting Minutes

Mr. Delle Donne called the Colts Neck Board of Health meeting to order at 7:30 p.m. and read the following statement: "As Chairman and Presiding Officer of this meeting of the Board of Health, I hereby declare that the notice requirements of the law have been satisfied by prominently posting on the Township bulletin board a notice of this meeting, and that there has been transmitted by regular mail a notice to the Asbury Park Press and that a copy is on file in the Office of the Township Clerk. I further order that this public announcement be placed in the minutes of this meeting."

ROLL CALL INDICATED:

PRESENT: Mesdames Boak, Iacono, and Messr and Delle Donne and Engel

ABSENT: Mesdames Flood and Sauter and Messr Faistl

ALSO PRESENT: Messrs Frank and Mesdame Leininger

Jarrett Engel made a motion to approve the May 6, 2008 meeting minutes and this was seconded by Marilyn Boak and unanimously carried.

Old Business - None

New Business – Cara Smith, Engineer from Two River Engineering along with Mr. Rich Galinski representing the applicant, PB666 – Colts Neck Fire Company #2, addressed the Board. The Fire Company needs a new bay so that both tankers can be stored indoors. With no fire hydrants in town the tankers are vital pieces of equipment. They also plan to add a second story for meetings and offices along with a recreation room. There will be a total of two new bathrooms that will be added. Nothing will be changed as far as the banquet facility. The sanitary sewerage flow calculations prepared by Two River Engineering indicated that the current system can handle the anticipated volume. The Planning Board approved this application at their May meeting conditioned on approval from the Board of Health. Jarrett Engel made a motion to approve this application with the stipulation the grease trap is cleaned monthly, the primary solid tank is pumped every six months and a filter is installed on the outlet, seconded by Marilyn Boak and unanimously carried.

Health Officers Report – Mr. Frank advised the USDA came in a few weeks ago for the geese program. Between Bucks Mill Park and Town Hall 24 nests were taken out and 71 birds were culled. This program seems to be controlling the situation and is working well.

Pursuant to the Board's request Mr. Frank researched who picks up dead deer along the roadside. The Public Works garage notifies a third party for the pick up for a fee if the deer is on a township street. If the deer is on County or State roads there is a different contact to call but there is no fee for pick up. Residents need only contact Public Works to arrange for a pick up.

Mr. Frank stated he did not find out that food was being served outside at Old Time Colts Neck Day until approximately a week prior to the event. Mr. Frank attended and visited the vendors trying to work with them as he identified different issues. It was a very hot day (in the 90's) so he was trying to educate everyone how quickly food will spoil. If they have this event next year proper food handling

will have to be discussed ahead of time. As he made inspections it was also noted the petting zoo did not have any means to wash hands or signs advising of same. Mr. Frank had the situation rectified.

Site inspections of local food establishments has begun. Ten out of the twenty-nine have been inspected with one conditional being issued. Pool inspections have also begun; The Grande has had two consecutive conditional ratings issued.

The latest water well sample taken at the Town Hall Complex by our third party lab met all perimeters.

The NACCHO Grant the Health Officer had applied for through the Monmouth County Consortium (to improve quality management) was not approved. However, another small grant known as the MCL3, which also focuses on improving quality management is one the Health Officer would like to pursue. The grant offers each health department approximately \$3,000. Marilyn Boak made a motion to support the program endorsed by New Jersey Health Officers Association seconded by Liz Iacono and unanimously carried.

Liaison Report – Mr. Schatzle was not present.

A motion to adjourn was made by Liz Iacono at 8:20 p.m. and seconded by Marilyn Boak and unanimously carried. The next scheduled meeting is August 5, 2008.

Respectfully Submitted,  
Ruth Leininger
